### What is Community Risk Reduction (CRR)

The community risk reduction program is a Fire District-wide initiative. It's a strategic process aimed at identifying and prioritizing local risks within a community. The goal is to reduce the occurrence and impact of these risks through integrated and targeted resource allocation.

Fire departments and Police play a crucial role in understanding their communities by observing how people live, conducting visits, and responding to incidents.

Partners Currently Include: The City of Keizer, Keizer Police, All five Neighborhood associations.

CRR Presentations have been completed at;  
Keizer United, NWKNA

Future CRR presentations: Keizer Rotary, Elks, Eagles, Lions, Young Life, Safe Routes, Keizer CERT, SIT (Croc Center), K.N.O.W., Assemblies of faith, and fellowship, Marion County Health & Human Services, Safe Kids, and other agencies
