TO:       MAYOR CLARK AND COUNCIL MEMBERS

THROUGH:  CHRISTOPHER C. EPPELEY, CITY MANAGER

FROM:     E. SHANNON JOHNSON, CITY ATTORNEY

SUBJECT:  POSSIBLE CHARTER AMENDMENT

The Mayor asked that I provide some background information on Keizer’s Charter in connection with the City Council goal setting meeting.

The City of Keizer was incorporated in 1982. The first original Charter was adopted March 29, 1983. It was based on a model charter at the time. The Charter was amended in 1985 to require all water department funds to be used exclusively for water department fund expenses. It was also amended in 1992 to make several relatively minor changes.

In 1993, a third amendment was done by an initiative process. The No Special Rights Committee, together with the Oregon Citizens Alliance gathered sufficient signatures to place a measure on the ballot that prohibited the City from granting “special rights” to persons based on sexual orientation. (These groups had failed to have similar measures adopted statewide, and subsequently made a push to adopt them at the city and county level. Several of these local measures were passed around the state.)

Keizer voters approved the measure which was placed in the Charter as Section 44, a copy of which is attached. Shortly after that, state law made all the local “no special rights” provisions unenforceable. ORS 659.870 also provides that a lawsuit can be brought if such local legislation is enacted or enforced.

Though state law makes the provision moot and unenforceable, that does not actually remove it from the Charter. To do that requires a Charter revision or amendment passed by the voters.

If the Council wishes to address this issue, there are two options: 1) place a measure on the ballot that would delete Section 44 only, or 2) review the Charter to see if other changes would be appropriate. For Council’s information, the May 2020 and November 2020 elections do not cost the City, unlike the special election dates.
The League of Oregon Cities’ Model Charter has been updated several times since Keizer’s initial Charter was adopted. If the Council wishes to move forward with any amendments, it would be appropriate to review the League’s 2018 Model Charter to determine if other revisions would be appropriate. My quick review of the latest model charter is that there are several possible changes that could improve Keizer’s Charter.

**RECOMMENDATION:**

Council should determine if they wish to make this a Goal moving forward, and if so I recommend a review of the Charter to see if other amendments or revisions are appropriate. For a starting place, a Goal could be stated as follows: “Form a Charter Review Committee to consider revisions/amendments to the Charter to be placed before the voters in May or November 2020.”

Please let me know if you have any questions or concerns. Thank you.

Tonight’s work session was scheduled to allow the City Council an opportunity to discuss goal setting as defined in Section 19 of the Keizer City Council Rules of Procedure.

Section 19.1-Council Goal Setting

1) **Goal Setting Parameters.** The City Council shall set goals at a minimum of every two years to coincide with mayoral terms of office. The goals shall include **Short-Term Goals** that the Council plans on completing within the next 24 months and **Long-Term Goals** that the Council plans to work on during the next two years, but will take longer to complete than 24 months.

2) **Creation of initial list.** Following the election in November of even numbered years, the newly elected Council members shall meet with the current Council members in a work session meeting to establish an initial list of potential Council goals. This initial “brainstorming” session shall be completed by December 31 of the election year.

3) **Work Session.** During the first calendar quarter of the year following an election a work session shall be dedicated to Council Goal Setting. 4) **Adoption.** Council Goals shall be adopted at a regular meeting of the Keizer City Council no later than the second regular session in April of the year following an election.

The City Council and the newly elected City Councilors met in December 2018 to discuss the status and/or completion of the 2017-2018 City Council goals. Those work sheets along with the minutes from that work session are attached.
CITY COUNCIL, CITY OF KEIZER, STATE OF OREGON

Resolution R2017-2758

ADOPTION OF 2017-2019 CITY COUNCIL GOALS

BE IT RESOLVED that the City Council of the City of Keizer does hereby adopt the following Council goals for 2017-2019:

Short Term Goals

- Complete the steps necessary to have all appropriate data collected in order to facilitate a comprehensive community wide Urban Growth Boundary discussion.
- Develop and implement a stable Parks funding mechanism for maintenance and operations of the City's parks system.
- Continue expanding and enhancing methods and opportunities to engage with as many Keizer citizens as possible so as to broaden communication with all of our residents.
- Expand youth council program to all schooling types (public, private, and homeschool) with the objective of having a youth voice on all city boards and commissions.
- Facilitate conversations with and between volunteer groups who run youth sports and recreation programs within Keizer so as to foster widely successful programs for our residents to enjoy.
- Develop and implement a stable funding source to attain sustainable police staffing at acceptable levels now and into the future.

Long Term Goals

- Engage in a comprehensive community wide Urban Growth Boundary Expansion (or not) discussion with residents.
- Use the proceeds from the sale of Keizer Station Area A LID properties (Rawlins parcels and Tract C) to promote Economic Development purposes
and programs to be determined by the City Council as revenues become available. The use of such revenues will be consistent with the intent set forth in Urban Renewal Agency Resolution UR2012-156. Consider using the proceeds from the sale of other City owned properties to support economic development purposes as such opportunities arise and the Council determines it is advantageous to commit such resources to those types of efforts.

- Consider adding a Public Information Officer or City-wide Communications/Volunteer Coordinator position to further the community's outreach initiatives as stable funding becomes available.
- Initiate a comprehensive update of the Transportation System Development plan

BE IT FURTHER RESOLVED that this Resolution shall take effect immediately upon the date of its passage.

PASSED this 3rd day of April, 2017.

DISCUSSION – Review of 2017-19 Council Goals
Mayor Clark and City Manager Chris Eppley provided information about short- and long-term goals:

- **Urban growth boundary**: On the list for several years but work is being done. New requirements are delaying completion and data accumulated early on is now obsolete.

- **Stable funding mechanism for parks**: accomplished through Parks Board efforts, public outreach, and Council decision. Parks Department is making visible things happen and showing results for the fee.

- **Stable funding mechanism for Police staffing**: accomplished through Police efforts, public outreach and Council decision. The fee pays for five specific positions but does not affect the rest of the police budget.

- **Continue expanding and enhancing methods and opportunities to engage with as many Keizer citizens as possible**: Taken on by Councilor Herrera to engage the Latino community. Council agenda and the City webpage are now available in Spanish. This goal is not one that will ever be completed but will be an ongoing effort to improve upon.

Councilor Elects were urged to find a goal or two that resonates and focus on that during their tenure on Council and to serve as liaison on a
committee of interest to them.

- **Expand youth council program**: Councilor Reid has been successful in getting McNary youth engaged in this program. Councilor Reid provided additional information regarding the students and urged that committee members recruit liaisons for their committees.

- **Facilitate conversations with and between volunteer groups who run youth sports and recreation programs**: Being addressed presently through a specific task force. Feedback has been received from sports groups to get their ideas on what their expectations are for area parks.

Community Development Director Nate Brown provided detailed information regarding the possible expansion of the urban growth boundary including history, the Education and Outreach grant, the Keizer Revitalization Project, the Buildable Lands Inventory/Housing Needs Analysis, ‘divorcing’ from Salem and transportation impacts from growth.

Staff reminded Councilors of the importance of maintaining a good relationship with Salem since they partner with Keizer for sewer, traffic signals, and police work.

Discussion followed regarding expansion and development to the north of Keizer.
