SUBJECT: VOLUNTEER OF THE QUARTER AWARD

ISSUE:

The Volunteer Coordinating Committee has selected Darrell Richardson as the recipient of the Volunteer of the Quarter award for the second quarter of 2019. Mr. Richardson was nominated by Matt Lawyer with supporting letters from Richard Walsh, Clint Holland, Randy & Cheri Miller and Garry Whalen. The nomination and supporting letters are attached.

Mr. Richardson has been invited to the meeting to accept the award. Our thanks and congratulations to Mr. Richardson for his contributions to our community.
A new submission has been received for Volunteer of the Quarter Nomination at 05/15/2019 11:52 AM

Name of Nominee: Darrell Richardson
Address of Nominee: 3965 Rivercrest Keizer OR 97303
Nominee Phone Number or Contact Information: 503-800-1391

Each quarter the City of Keizer recognizes an individual or group of individuals for their contributions to the community. This award is designed to recognize the achievement and to encourage actions that enhance the city of Keizer, the community and the lives of our citizens. Process for Award of Nomination: (1) A written nomination form is submitted to the Keizer City Recorder, P.O. Box 21000, Keizer, Oregon or submitted by clicking the submit button on this form. (2) Additional letters of support, supplementary information such as pictures, news stories, biographical information, or other materials that show the project or contribution of the nominee may be included. (3) The nomination will be reviewed and decided by the Volunteer Coordinating Committee. The nominator may be requested to attend a meeting of the committee to answer questions and explain the nomination in further detail. (4) The award will then be presented at a regular meeting of the Keizer City Council. *Please provide a brief description, including the dates or time period, of the nominee's contributions and the reason why you are nominating for this award:

For more than 25 years Darrell has been the caretaker at Sunset Park. He has spent countless hours mowing, cleaning and caring for his neighborhood park. Darrell has been an advocate for parks in Keizer and a strong proponent for positive park activity and the well-being of park users. There are countless stories of the good ol' days, doing what was needed to keep Sunset a great park to be at and enjoy the river. Many stories of younger ne'er-do-wells going down and participating in less than productive activities. Darrell was there to course correct these young people and keep the integrity of the park intact. His service at Sunset may be drawing to a final chapter, but the impact Darrell has had will forever be cemented in the eyes of Keizer as a guy who just got things done, because it was the right thing to do.

Please explain the impacts these contributions have had on the city of Keizer or the Keizer community:

Darrell's efforts have saved the city thousands of dollars in time and material costs. He embodies the essence of pride, spirit and volunteerism. He never asks for anything other than the ability to be a good parks steward and an ability to take pride and ownership in his park, Sunset Park.

City of Keizer

I would like to nominate Darrell Richardson for volunteer of the quarter. Darrell has done so much volunteering at Keizer Rotary Amp, Dog Park and most of all Sunset Park.

Darrell is a great volunteer.

Sincerely

Randy & Cheri Miller

Clint Holland
Debbie, thanks for the park minutes. I note in the minutes that Daryl is moving. Have Daryl and Shirley already been nominated for volunteer of the quarter or have they already received the award for their work at Sunset park? If not I would like to nominate Daryl Richardson for volunteer of the quarter? Will anyone on the Parks Board join in the nomination? He has devoted 35 years to taking care of Sunset Park and has made that park a treasure for the neighborhood for literally generations. Even when the rest of the city went into hibernation, Sunset park was always able to be used by residents of Keizer. In part due to his hard work and dedication, that park offered the residents of Keizer with its only high quality river front access on the Willamette River for decades before Keizer Rapids Park was created.

If he already got the award maybe some other form of honor should be considered after his many years of service and dedication to this Keizer Park. (maybe a permanent bench with their names on it at Sunset Park?)

Maybe we do both?
What do you think?

Rich
This letter is sent to nominate Darrell Richardson to be recognized as Volunteer of the Quarter. Darrell's service to Keizer extends far beyond 1 quarter. For nearly 3 decades Darrell almost singlehandedly performed any and all maintenance done at Sunset Park. Additionally he was a lead volunteer of projects to build Keizer Rapids Amphitheatre, the Big Toy, as well as water lines and irrigation systems for the dog park and the Rotary Arboretum. Always willing to step forward to get things done without expecting anything in return Darrell used his skills and knowledge to benefit Keizer citizens. Darrell is the poster child for "VOLUNTEER" and is deserving of this recognition for Volunteer of the Quarter.

Sincerely,

Garry Whalen
VOLUNTEER OF THE QUARTER

Second Quarter 2019

Presented to

Darrell Richardson

With sincere gratitude and appreciation for your volunteer contributions to the Keizer Community.

SUBJECT: Proposed text amendments to Keizer Development Code (KDC) Section 2.118 (Urban Transition) modifying the standards of the Urban Transition (UT) zone.

ATTACHMENTS:
- Section 2.118(Urban Transition) - draft

ISSUE:
The proposed text amendment will modify Section 2.118(Urban Transition) of the Keizer Development Code (KDC). The changes will:

- Update inaccurate/irrelevant language
- Give an exemption for CUP approval for parcels under ½ acre
- Allow ALL uses in underlying Comp Plan/Zoning designation (LDR/RS) - (ex: ADUs, accessory buildings, etc.)
- Expand the automatic rezone provision to include Partitions
- Retain CUP process for properties ½ acre and larger (which helps to maintain efficiency, appropriate density, and connectivity)

The Planning Commission held a public hearing on March 6, 2019 which was carried forward to April 10, 2019, which was carried forward to May 8, 2019. Ultimately, Planning Commission voted to support the proposed amendments unanimously.

BACKGROUND:
At the March 6th meeting, Planning Commission discussed the option of initiating a legislative rezone, and asked staff to reach out to affected property owners. A mailing was sent out to all property owners within the UT zone and at the April 10th meeting, 4 property owners testified, voicing concerns over the possibility of a legislative rezone and whether the proposed amendments would affect their ability to utilize their properties (1 property owner supported the rezone concept outright). Finally, at the May 8th meeting, Planning Commission recommended the proposed changes to the UT zone and concurred that a legislative rezone should be pursued at a later time, as staff resources allow.

RECOMMENDATION:
That the City Council open the public hearing to consider the proposed text amendments and direct staff to prepare an ordinance with findings to adopt the proposed revisions.
2.118 URBAN TRANSITION (UT)

2.118.01 Purpose

The UT (URBAN TRANSITION) zone is generally located in the north part of Keizer and includes a number of parcels which are not contiguous to each other. The zone is intended to retain and protect for future urban use properties which are undeveloped or underdeveloped and do not have available urban facilities such as sanitary sewer, water, drainage, and streets. The zone allows the continuation of legally established uses and certain other limited uses that will not interfere with the efficient, later use of the land for urban development. Properties that have available urban services, or can be served by the City’s infrastructure system will be allowed to develop with a demonstration that the efficient use of the land proposed for development will be made and will not impair the development of surrounding properties. (5/98)

2.118.02 Permitted Uses

The following uses, when developed under the applicable development standards in this Zoning Ordinance, are permitted in the UT zone:

A. Lawful uses other than those listed in this Section 2.118.02 on a property at the time of the effective date of this zone except as provided in Section 2.118.03. (5/98)

B. Farm use. (5/98)

C. The propagation of forest products. (5/98)

D. Public and semi-public buildings and structures rendering direct service to the public in local areas, such as fire stations, utility substations, pump stations, reservoirs, and electrical transmission lines. (5/98)

E. A mobile home customarily provided in conjunction with farm use subject to an agreement requiring removal if the property is subsequently placed in a zone that does not permit mobile homes. (5/98)

F. A mobile home subject to an agreement requiring removal if the property is subsequently placed in a zone that does not permit mobile homes, and subject to Sections 2.118.10 and other applicable standards, 2.118.12, and 2.118.13. (5/98)

D. Nursery. (5/98)

H. Child foster home for five or fewer children. (6/99)
I. **For parcels less than ½ acre in size**, any permitted or special permitted use listed in the most restrictive zone in this zoning ordinance that can be applied in the applicable Comprehensive Plan designation.

### 2.118.03 Conditional Uses

The following uses may be permitted subject to obtaining a conditional use permit (see Section 2.118.04):

- **A. For parcels ½ acre or larger**, any permitted use listed in the most restrictive zone in this zoning ordinance that can be applied in the applicable Comprehensive Plan designation subject to meeting the criteria in Section 3.103.03, as well as Section 2.118.04. (5/98)

- **B. Expansion or replacement of a use permitted under Section 2.118.02 subject to meeting the criteria in Section 3.103.03.** (5/98)

- **BG. Commercial and industrial activities in conjunction with farm or forest use occurring on the same parcel.** (5/98)

- **CD. Use of a mobile home as a temporary hardship dwelling subject to Section 2.406.** (5/98)

- **E. Single-family dwelling meeting criteria in Section 2.118.04 and Sections 2.118.11, 2.118.12, and 2.118.13.** (5/98)

- **D. Child foster home for six, seven or eight children, providing such home:**

  1. Is properly accredited by the Council on Accreditation on Child and Family Programs;

  2. Be located on a lot of no less than 16,000 square feet;

  3. The lot shall be located on an arterial or major collector street;

  4. Shall be no less than 2,400 square feet in size, excluding attached garages, carports, patios, and all unfinished space;

  5. Shall have setbacks for all structures of no less than 16 feet on each side and 30 feet along the back of the property;

  6. Shall have usable paved off-street parking for no less than 6 vehicles, plus one additional usable off-street paved parking space is to be provided for each foster child that owns or is the principal driver of any vehicle;

  7. At least on half of the lot area (no less than 8,000 square feet) shall consist of open space, grass and landscaping, including landscaping area at least 8
feet wide for permanent visual screening along the sides and back of the property. (which landscaping along sides and back of the property shall be designed for a minimum height of no less than 6 feet after five years) Decks, patios, paved areas, and parking areas, (paved or unpaved) shall not be included when calculating the amount of required open space, grass and landscaping.

8. Is not located within one-half (1/2) mile of another child foster home of six to eight children, as measured between the closest lot lines of the existing child foster home and the proposed child foster home.

All child foster homes shall meet all applicable laws and regulations, including, but not limited to, applicable building codes. (6/99)

2.118.04 Conditional Use Criteria

Before a conditional use permit may be approved, it must be found that the following criteria applicable to the proposed use will be satisfied:

A. The use will not increase traffic beyond the capacity of existing roads. (5/98)

B. It will be located in such a manner that any significant unused portion of the property has adequate development options and will not restrict development options on adjacent properties. (5/98)

C. The use can utilize rural services or existing urban services, and will not individually or together with nearby uses increase pressure for installation of new urban services. (5/98)

D. The use meets the development standards of the most restrictive zone in the zoning ordinance consistent with the Comprehensive Plan designation. (5/98)

E. The expansion will result in an accumulated increase of no greater than 50 percent of the total ground floor and outside storage area lawfully existing on the effective date of the application of this zone to the property. (5/98)

F. The Comprehensive Plan designation clearly indicates that the use to be expanded will be a permitted use in the zones typically applied in the applicable designation. (5/98)

G. No new residential structures or mobile homes except as provided for in section 2.118.02.E are permitted unless the area is designated for residential development and the most restrictive zone would permit the residential use or mobile home. (5/98)

2.118.05 Development Standards

The standards and regulations in this chapter and the additional standards and regulations referenced in the Development Code apply to all lots, structures and uses
2.118.06 Height

Within an UT zone, there is no height limit except a maximum of 35 feet for dwellings, and structures associated with special uses, and conditional uses. Buildings and structures erected, altered, or enlarged shall not exceed 45 feet in height. Greater height may be requested and approved as a conditional use. (5/98)

2.118.07 Dimensional Standards

The following dimensional standards shall be the minimum requirements for all development in the UT Zone except for modifications permitted under Section 2.202, General Exceptions or as required in Section 2.4. (5/98)

A. Minimum Yard Setback Requirements

<table>
<thead>
<tr>
<th>SETBACKS</th>

</table>

(1) Zero side yard dwelling units are subject to the setback provisions in Section 2.404. (5/98)

(2) The rear yard setback shall be as follows: 14 feet for a 1-story home; 20 feet for a 2-story home. (5/98)

(3) Setbacks are measured from property lines, not easement lines. However, no structure shall be placed any closer than five feet from the edge of an access easement or 20 feet from the right-of-way of an arterial or collector street. (5/98)

(4) The garage entrance setback shall be measured from the property line or edge of private access easement to the entrance of the garage. The centerline of the driveway shall be measured if the driveway to the garage entrance is not perpendicular to the property line or private access easement. In no case shall a garage be set back less than the minimum front, side, and rear setbacks. (5/98)

(5) The minimum front setback from an access easement shall be ten (10) feet. (10/15)
2.118.08 Other Development Standards

All development in the UT Zone shall comply with the applicable provisions of this Ordinance. The following includes referenced items as well as additional development requirements:

A. **Off Street Parking**: Parking shall be as specified in Section 2.303. (5/98)

B. **Subdivisions and Partitions**: Land divisions shall comply with provisions of Section 2.310. (5/98)

C. **Yards and Lots**: Yards and lots shall conform to the standards of Section 2.312. (5/98)

D. **Design Standards**: Unless specifically modified by provisions in this Section, buildings located within the UT zone shall comply with the following standards: (5/98)

   1. Single family homes shall comply with the design standards in Section 2.314. (5/98)

E. **Signs**: Signs shall conform to the requirements of Section 2.308. (5/98)

F. **Accessory Structures**: Accessory structures shall conform to requirements in Section 2.313. (5/98)

G. **Landscaping**: A minimum of 30% of the property shall be landscaped, including all required yards. Landscaped areas shall be landscaped as provided in Section 2.309. (5/98)

H. **Lot Coverage**: The maximum coverage allowed for buildings, accessory structures and paved parking shall be 70%. (5/98)

2.118.09 Development Priorities and Growth Management

The City of Keizer Comprehensive Plan establishes priorities for the future expansion of public facilities and services to currently unserved areas in the City. These unserved areas are in an UT or EFU zone. The map shown on Figure 2.118-1

Keizer Development Code - May 1998 (Revised 6/16)
indicates three development priorities for the UT and EFU zoned areas in the City. Priority 1 areas are surrounded by or are immediately adjacent to areas where public sewer and water currently exists, where LIDs or other commitments for service extension are approved, and where new growth is likely during the next 10 years. Priority 2 areas have a medium priority for service extensions, and will likely experience new growth in 5 to 15 years. Priority 3 areas have a low priority for service extensions, and are not expected to experience growth for 10 to 20 years. The following development standards apply to these development priority areas. (5/98)

2.118.0910 Divisions of Land and Automatic Rezoning

A. A subdivision, residential planned development or other residential development involving the division of land into 4 or more lots intended to be occupied by dwellings or mobile homes, or the establishment of a mobile home park, may be considered on property in the UT zone if public sewer and water will be available at the time of development. Notwithstanding the zone change procedures in Section 3.1, upon approval and recordation of the plat, or establishment of the mobile home park, the land included in the plat or park shall automatically be rezoned to the RS (SINGLE-FAMILY RESIDENTIAL) Zone. (5/98)

B. Residential developments that are not allowable in the RS zone may only be considered as part of, or subsequent to, a change to a zone that allows the proposed development. (5/98)

C. Notwithstanding the zone change procedures in Section 3.110, upon approval and recordation of a partition plat, the land included in the plat shall automatically be rezoned to the RS (SINGLE-FAMILY RESIDENTIAL) Zone. The following regulations shall apply when property line adjustments and partitionings of land within the UT zone are proposed: (6/16)

1. Existing parcels with dwellings may be separated from the remaining property provided the dwelling parcel does not preclude future redevelopment of the remaining parcel to maximum densities allowed in the Comprehensive Plan designation, and any additional street right-of-way required by adopted standards is dedicated along the parcel's street frontage. In addition, the following minimum lot sizes apply for the parcel containing the dwelling: (5/98)

   a. Served by both public sewer and water: 65,000 square feet. (5/98)

   b. Lacking public sewer or water: 20,000 square feet. (5/98)
c. Lacking both public sewer and water: 1 acre in priority 1 and 2 development areas, 2 acres in priority 3 development areas. (5/98)

2. Street and drainage improvements applicable to any parcel created under Subsection 1 shall be imposed at the time the remnant parcel is developed for urban use. (5/98)

3. The location of parcel lines shall not significantly reduce feasible options for the future location of urban roads or services, or preclude basic development options on the property or adjacent properties. A development plan may be required which indicates how the proposed division will not preclude future development at densities allowed in the Comprehensive Plan. (5/98)

4. Partitioning of land creating an undeveloped parcel of less than 5 acres in area shall not be allowed in Priority 2 and 3 areas. Minimum lot dimension standards in Priority 2 and 3 areas are: (5/98)
   a. The property shall have no dimension less than 100 feet. (5/98)
   b. The property shall have not less than 100 feet of frontage on a dedicated street that shall have a right-of-way width of not less than 40 feet. (5/98)

2.118.104 Requirements for On-Site Sewage Disposal Permits

The following conditions shall be met prior to the approval of an on-site sewage disposal system permit in conjunction with other criteria when applicable:

A. The property shall not lie within the boundary of a sewer service district as it was drawn prior to the inclusion within the City limits or within the boundary of an improvement district for sewer services that has been proposed by the City. (5/98)

B. The property must lie more than 300 feet in a straight line from an existing sewer line which can be extended to the property to provide gravity sewer service. (5/98)

C. The property shall not be serviced by a city or district water system. (5/98)

D. The property owner shall sign a non-remonstrance agreement for future sewer service by the City. (5/98)

E. The property shall have no dimension less than 100 feet. (5/98)

F. The property shall have not less than 100 feet of frontage on a dedicated street which shall have a right-of-way of not less than 40 feet. (5/98)

G. Applicant shall have obtained from the County Sanitarian a favorable site evaluation to install an on-site sewage disposal system. (5/98)
H. The applicant will be required to connect the proposed improvements to the public sewer system if, in the future, the public sewer system comes to within 300 feet of the **building property**. (5/98)

SUBJECT: WAIVER OF COMMUNITY CENTER FEE – MARION COUNTY REENTRY INITIATIVE ANNUAL COMMUNITY BREAKFAST

ISSUE:

The Marion County Reentry Initiative (MCRI) program has requested a waiver of the rental fee and deposits for use of two Iris Rooms in the Keizer Community Center for their 11th annual community breakfast on Tuesday, October 1, 2019. The event is free and open to the public. The mission of MCRI is to rebuild lives, promote community safety, and save taxpayer money. The program helps individuals who are reentering our community after incarceration. The MCRI program is funded through donations and sponsorships. Additional program details are included in the attachment.

The rental rates for the Keizer Community Center provide a 20% discount for Keizer Governmental partners (i.e. Marion County). The rental rate for two Iris Rooms for this event will be $640 plus the refundable security/cleaning deposit of $1150. Event staff is included in the rental rate.

Options for Council Consideration for the Marion County Reentry Initiative Annual Community Breakfast:

1. Grant the request for a complete rental fee waiver (room rental including staffing and security/cleaning deposit)
2. Deny the request for a complete rental fee waiver (room rental including staffing and security/cleaning deposit)
3. Waive the security/cleaning deposit but charge the room rental fee of $640 (includes staffing)
4. Waive the room rental fee and security/cleaning deposit but charge $80 for the staffing costs.

The City Council does not have the ability to waive the requirement for a certificate of general liability insurance.
RECOMMENDATION:

Staff recommends the City Council discuss the request, consider the options presented, and then direct staff accordingly.
Hi Tracy,

On behalf of the Marion County Reentry Initiative program we respectfully request a rental fee/deposit waiver in the form of an in-kind donation for the use of the City of Keizer Community Center, Iris rooms A and B for October 1, 2019.

The Marion County Reentry Initiative (MCRI) is a collaborative effort involving community corrections, education, law enforcement, health and non-profit agencies working together to rebuild lives, promote community safety, and save taxpayer money by breaking the cycle of criminal activity.

**MCRI Mission**

*To rebuild lives, promote community safety, and save taxpayer money.
MCRI works to reduce crime and recidivism by offering coordinated services which are critical for successful community reentry after release from incarceration. MCRI’s key partners provide housing, transportation, treatment, mentoring, family strengthening, and employment services for MCRI clients.*

The MCRI program helps individuals who are reentering our community after incarceration. With our numerous community partnerships we are helping individuals remove barriers which will increase their likelihood of becoming successful members of our community.

October 2019 will mark the 11th Annual Community Breakfast. Proceeds raised will go towards client assistance, providing basic needs like identification, corrective glasses, education and employment resources and support tailored to the individual needs to be successful.

This is a public community event and everyone is welcome to attend. Please feel free to join us.

Thank you for your time and consideration to our request. This event would not be the tremendous success it has been without the support of our community partnerships, volunteers and generous donors.

In addition, I have attached a handout for your City Council which explains the program and history of the program in more detail.

Please let me know if you have any questions or if you need additional information.

Sincerely,

Lorrie Biggs

Eleventh Annual Giving People a Second Chance Community Breakfast

What is the purpose of the Giving People a Second Chance community breakfast?
The community breakfasts began in 2009 as a venue for engaging the community in the Marion County Reentry Initiative, an evidence-based, collaboration including the Marion County Sheriff's Office, District Attorney's Office, Board of Commissioners, Chemeketa Community College, Bridgeway Recovery Services, Community Action, Union Gospel Mission, and many others. Each year, breakfast events focus on different aspects of what people need to successfully rejoin the community: housing, employment, treatment, family support, mentors. As Oregon's policy has evolved, the event focus has also broadened to incorporate prison diversion strategies, in addition to reentry strategies.

Who attends the community breakfasts?
In the past, many of the annual events were held at the Broadway Commons, with seating capacity of 200 guests. Attendance has been “standing room only,” with overflow seating available around the room perimeter. The guest list is an eclectic mix: faith community, business representatives, government and nonprofit program leaders and staff, families and employers of people who are or have been reentry clients. Elected officials are a prominent presence — county commissioners, district attorney, sheriff, legislators, Congressional staff and Congressman Schrader himself, mayors, city councilors, and school district and other elected board members.

Is the event a fundraiser?
There is an “ask” at the end of the event for financial contributions, volunteers, and employers willing to hire a reentry client or landlords willing to house a client. However, there is no obligation to contribute. Funds are used to support a client fund for items that grants and government funds cannot cover, such as eyeglasses, identification fees, and GED/education fees.

Is the Marion County Reentry Initiative a nonprofit 503(c) (3) organization?
MCRI is operated by Marion County, a local governmental entity. Marion County’s Community Services Department receives and deposits donations and generates quarterly reports to the Marion County Justice Reinvestment Council operating under the Marion County Sheriff. The Marion County Reentry Initiative participates with nonprofit partners, such as Community Action and Bridgeway Recovery Services.

What opportunities are there for sponsorships and sponsor recognition?
Sponsorships cover event costs: continental breakfast, sound and recording at the event, video production, and venue fees. Event cost can also be sponsored through in-kind supports. Any sponsorships raised beyond the event costs are donated to the client fund. Sponsorships can be at any of four levels: $500, $1,000, $1,500, or $2,000. Sponsors are acknowledged on the event invitation, sent to an email list in excess of 800 people prior to the event, included on the event program, and announced at the event by the emcee at the outset of the program, with logos prominently appearing on a slide.

SUBJECT:         RESOLUTION AMENDING THE KEIZER LITTLE LEAGUE
                 PARK LONG RANGE PLANNING TASK FORCE

The Keizer Little League Park Long Range Planning Task Force is currently set to dissolve on August 20, 2019. At its April 24, 2019 meeting, the Task Force agreed by consensus to request a six-month extension so the baseball season could be focused on and the Task Force could pick back up in August. A six-month extension would set the dissolution date of the Task Force as February 20, 2020.

RECOMMENDATION:

Adopt the Resolution amending the Task Force.

SUBJECT: PARKS YOUTH GRANT PROGRAM

DATE: July 9, 2019

BACKGROUND:

The Parks and Recreation Advisory Board discussed amending the Parks Grant program to provide more opportunities for youth to participate in the program to add improvements to the parks system. The primary change to the program is to allow for materials to be funded for youth projects as opposed to them being strictly a reimbursement project as the existing Grant Program requires.

The Parks and Recreation Advisory Board approved a motion at the June 11th, 2019 meeting recommending the City Council adopt a Resolution implementing a Youth Grant Program.

FISCAL IMPACT:

There is no direct fiscal impact with the adoption of the Resolution as funding for the Youth Grant Program will come from the existing Grant Program funding.

RECOMMENDATION:

Staff recommends the City Council adopt the attached Resolution creating the Parks Youth Grant Program.

Please contact me with any questions or concerns.

CITY OF KEIZER
KEIZER PARKS YOUTH
GRANT PROGRAM

The City of Keizer, through its City of Keizer Parks and Recreation Advisory Board, endeavors to enable and encourage Keizer youth to participate in the volunteer experience through creative projects to improve the quality of the parks system.

A grant funding stream that allows Keizer youth to do projects ranging from maintenance, such as painting, to capital projects, such as benches or picnic tables is established to be either reimbursable or materials purchase grants. Reimbursable grant requests will follow the process in the “Parks Matching Grant Program.” Materials purchase grants will follow the process below:

1. Each year, the Budget Committee and the City Council will consider the recommendation of the Keizer Parks and Recreation Advisory Board with regard to the total amount to budget for the grant programs for the upcoming fiscal year. The Keizer Parks and Recreation Advisory Board (hereinafter “Board”) will have authority to approve grants each fiscal year up to the amount budgeted. All materials purchase grants must meet the requirements set forth herein.

2. Each year, the Board will solicit requests from youths up to the age of 18 for projects that will benefit parks in Keizer. To be eligible, the project must qualify under one or more of the following categories:

   a. Projects that are listed in the Keizer Parks Master Plan, or;
   b. Projects that qualifies as a City of Keizer standard park amenity, or;
   c. Projects that would improve a park or parks in Keizer.

3. Applicant shall thoroughly research the proposed project. Applicants must complete the Youth Project Fund Plan (Plan) and submit it at least two (2) weeks prior to the next Board meeting in order to be considered at that meeting. The Plan can be submitted via electronic submission, or a hard copy can be hand delivered or mailed, but must be received by the deadline to be considered at the next Board meeting. The Plan must be addressed to the Deputy City Recorder and shall consist of the following information:

   Step 1: Detailed description of the project idea or one from a pre-determined list of ideas supplied by the City.

   Step 2: Detailed description of the research results describing what it will take to get the project done.

   Step 3: Detailed description of the steps to be taken to get the project done. Some items to consider are: Dates, Times, and People involved.
Step 4: Detailed list of all materials to be purchased. Include the following relating to the materials:

a. Company Name
b. Company Location
c. Cost per item
d. Quantity
e. Shipping or delivery costs

Step 5: Identify someone from the Keizer City Council or the City of Keizer Parks and Recreation Advisory Board who has agreed to be the project advisor to ensure that the project does not fall through and creates a layer of accountability.

Step 6: Provide a date that staff needs to have materials purchased and available by.

Step 7: Provide a project completion date.

Step 8: Provide a detailed timeline including a project follow-up with Board.

4. Completed Plans received by the deadline will be considered at the next Board meeting. Applicants (or an authorized representative) must attend the meeting to be eligible, unless the Board votes to waive such appearance.

5. The Public Works Director or designee shall work with the Applicant to complete a Plan and proposed budget prior to the Plan being considered by the Board. Projects must meet all local, state, and federal laws for parks and recreation facilities to be considered.

6. The Board will review each proposal and make a determination on the proposal based on the following criteria:

a. Projects that benefit the greatest number of Keizer residents and provide the “best bang for the buck”;
b. Identified need for the project;
c. Likelihood that the project can be accomplished on time and on budget;
d. Other projects that have been considered and deferred (see below);
e. Whether the proposed project is identified in the Parks Master Plan;
f. Any other criteria the Board believes are appropriate to consider.

The Board shall give more weight to projects that are identified in the Parks Master Plan.

7. The Board may approve or deny the proposal, or they may approve it with conditions. The Board may also defer decision on the proposal due to timing of the
season or concern that other proposed or deferred projects would not be able to be funded. In such case, the Board may consider the deferred project in the same or next fiscal year. The maximum total grant awards cannot exceed the amount budgeted by the Keizer City Council each fiscal year.

8. Once a Plan has been approved, an initial meeting shall be set up between the Applicant and the Public Works Director or designee to explain the process and to determine a timeline for updates on the project. The Applicant shall report to the Public Works Director or designee the progress being made on the project as agreed to at the initial meeting. Prior to beginning the project, the Public Works Director must approve the itemized list of materials.

9. This program is for materials purchase grants only. In this program, the City purchases materials for a project. (Reimbursement grants follow the process in the Matching Grant Program.) For materials purchase grants, the City will purchase the materials directly and supply them to the Applicant. The Applicant must have the Plan approved, will need to complete the project, have the project accepted by the City, and provide detailed expenses reports and appropriate copies of receipts for incidental costs associated with the project to receive reimbursement. If the project involves in-kind contributions, the Applicant must provide copies of invoices and receipts for donated materials, equipment, etc., the number of volunteers, and the number of cumulative volunteer hours. The project is subject to city audit and receipts must be approved by the Finance Director.

SUBJECT:     CHARTER REVIEW COMMITTEE – REVISED RESOLUTION

The Charter Review Committee was formed by Council on May 20, 2019. The Resolution establishing such committee indicated that the non-councilor members were to be electors (registered voters) of the City of Keizer.

At the Council worksession on July 8, 2019, Council indicated it wanted to review two options for changing the membership:

   Alternative A stays with the current language regarding five citizen electors, but adds one additional position that is chosen by the council directly without the Volunteer Coordinating Committee (VCC) recommendation. This additional member would be required to be a Keizer resident, but not an elector. This would result in an eight-member committee. Though an odd number of members is usually preferable, it is in this instance not a critical issue.

   Alternative B would create a nine-member committee with two Councilor members. The seven members-at-large would be required to be residents of the city for six months prior to the date of the Resolution. They would be nominated by the Volunteer Coordinating Committee.

RECOMMENDATION:

Council should review the matter and determine how it wishes to move forward. The two options Council wanted to review are set forth below:

1. Alternative A adds one member that would be chosen directly by the Council without VCC nomination and require such member to be a resident for no less than six months prior to the date of the resolution.
2. Alternative B creates a nine member committee with seven members-at-large who must be residents of the city for at least six months prior to the date of the resolution. These members would be nominated by the VCC. In this latter alternative, VCC would nominate two additional potential members.

The Council is free to choose other alternatives as well with regard to the make-up of the committee or the appointment process.

If Council chooses Option 2, Council needs to direct the VCC regarding the appointments. Council may do so by minute motion; i.e., “move to send the matter to VCC for recommendations for the two additional members.” Since the requirements would have changed to “residents” rather than “electors”, the application process will be reopened.

Please let me know if you have any questions. Thank you.
