Dear Mayor Clark,

I know it is challenging to enforce these issues for the police at times but it is getting quite unreasonable that this continues nightly and no attempt to stop it seems to be happening. Every night at about 945-10pm people are still lighting off fireworks. I have two terrified dogs and it does not do well with myself either. At this time of night when it is extremely hot this is the only time windows can be opened to cool down the house and what do we get for our attempt but fireworks being lit off and cars attempting to break the speed of sound flying down Windsor Island Rd. Someone will get severely hurt one day as this seems to be where people do not think to adhere to any speed limit. If you wish to pass this along to the police I am sure they can make some substantial funds for the city. I know I am not alone in the frustration of continued fireworks. The speeding is just a bonus I get to live with as when we purchased our home I thought it was considered a residential street but have since found it is a backroad to river road that people like to go at insane speeds.

Please share this with anyone that may be able to help with these issues.

Sigh. Just so tired of nothing being done with fireworks and frustrated that even a show your speed sign does nothing to deter people who like to speed down this street.

Thanks for reading this.

Dear Mr. Henze,

Thank you for your letter and support for the amazing people who serve our community through public safety.

The Keizer City Council has approved our budget with full funding for our police department.

All the best,

Cathy Clark, Mayor

I would like to thank you for your work on the City Council. I understand that it is a thankless job so I wanted to give you some thanks. We moved to Keizer two years ago and it is such a nice place to live.

I am writing today to express my voice that I do not support defunding the police. There is always room for improvement, but the current movement is not smart nor rational.

Thank you for taking the time to listen.
