

PROJECT INTRODUCTION & BACKGROUND

PROJECT OBJECTIVES

Develop a street design plan that:

- Removes mobility barriers and creates a balanced multimodal transportation system,
- Improves safety for all modes of travel,
- Creates an enjoyable transportation experience,
- Connects neighborhoods with Clear Lake Elementary and Forest Ridge Elementary schools,
- Develops community understanding and support for the Corridor Plan that is consistent with the needs of key stakeholders

WHEATLAND ROAD AT WHEATLAND LANE

WHEATLAND ROAD AT RIDGECREST DRIVE

OPEN HOUSE GOALS

- Present the findings of the first technical memorandum:
 - » Qualitative assessment of pedestrian, bicyclist, public transit, and school-related transportation facilities
 - » Technical evaluation of vehicular operational conditions at key intersections
- Present the corridor evaluation criteria
- Seek community input on findings and determine if there are other key issues not identified

PROJECT TIMELINE
