

Recording Sheet for the

EROSION IN A BOTTLE

*Hypothesis - This is what I think will happen
when I pour the water into the 3 bottles:*

*Observation - This is what I observed after I
poured water into the 3 bottles:*

Recording Sheet for the

EROSION IN A BOTTLE

*Reasoning - This is why I think I got the results
that I did:*

*Critical Thinking - Why is it important to
protect soil from erosion? What is the impact
on water quality?*
